EDUCATION

Bachelor of Technology in Computer Science and Engineering, <i>GLA University, Mathura</i> , <i>CGPA-8.68</i>	June 2026
Intermediate from Modern Public School, Jhansi, (CBSE Board), <i>Percentage-74.8 %</i>	May 2021
High School from Nagar Palika Public High School, Barwasagar, Jhansi, (UP Board), <i>Percentage-86.16 %</i>	May 2019

PROJECTS

- Expense Tracker** (Personal Finance Management System) Feb 2025 – Mar 2025
- Designed and developed a **MERN stack-based Expense Tracker** that allows users to **track monthly and yearly transactions**, providing **visual insights** using **Pie Charts, Bar Charts, and Line Charts** powered by **Chart.js**.
 - Integrated **user-specific transaction history**, and **dynamic data visualizations**, enabling users to **analyze spending patterns** with clear graphical representation.
- AgroBooster** (A smart farming platform) Jan 2025 –Feb 2025
- Developed a **Generative AI-based precision farming platform** that analyzes **soil reports, weather conditions, and environmental factors** to provide accurate **crop predictions (80% precision)**, maximizing agricultural yield.
 - Implemented **JWT-based authentication, OTP verification (via Fast2SMS API)**, and **multi-language support** using **Google Translate API**, ensuring scalability and seamless user experience through **React.js and Tailwind CSS**.
- ShowcaseX** (A talent showcasing platform) Jan 2025
- Developed a secure backend using **Node.js and MongoDB** for talent registration, admin approval, and hire request management, ensuring seamless workflow automation.
 - Enhanced platform security by implementing **JWT-based authentication, email verification (via Nodemailer)**, and role-based access control, ensuring a smooth and secure user experience.

TRAINING EXPERIENCE

- Summer Training Program in Competitive Programming, W3Grads, GLA University, Mathura** June 2024 – July 2024
- Trainee
- Improved proficiency in algorithms and advanced data structures through hands-on training.
 - Participated in peer programming reviews to enhance code quality and efficiency on platforms like LeetCode.

SKILLS

Technical Skills: C, Python, Java, JavaScript, React.js, Tailwind CSS, Node.js, MySQL, MongoDB Compass, Git, Postman

Professional Skills: Problem-solving, Analytical Thinking, Team Collaboration, Time Management, Communication Skills

PROFESSIONAL ACHIEVEMENTS/ INSIGHTS

- First Runner-up, Advitiya x JPD Hub Hackathon, IIT Ropar** – Developed an innovative solution under competitive constraints, demonstrating problem-solving, teamwork, and technical skills.
- LeetCode & GeeksforGeeks:** Solved 360+ questions, building a solid foundation in algorithms and data structures.
- High School Topper:** Recognized as the top student in the Agrawal community at the district level (UP Board).

CO-CURRICULAR ACTIVITIES

- Participated in **Innovate X Hackathon** conducted by Shyam Lal College (University of Delhi).
- Completed the **J.P. Morgan Software Engineering Virtual Experience** on Forage (September 2024).

DECLARATION

I hereby declare that all the above-mentioned information is true and correct to the best of my knowledge.
